

SLIM CD, Inc Announces Second Payment Processing Certification with Global Payments and Now Supports Global Payments' SSL Gateway

Coral Springs, FL September XX, 2006– SLIM CD, Inc announced today it has re-certified with Global Payments Inc. (NYSE:GPN) for its Slim CD software and gateway services. Global Payments is a leading provider of electronic payment card and check processing solutions, and SLIM CD, Inc is a leading provider of PC credit card processing software, Internet gateway services, and Software Developer's Toolkits.

The Slim CD gateway and software supports keyed and swiped credit card transactions, pin-based debit transactions, check transactions and gift/loyalty transactions. The Slim CD includes a desktop application, virtual terminal, and a shopping cart. The software also features web-based reporting and built-in gateway and fraud detection services. The SLIM CD end-user software runs on any IBM-Compatible Personal Computer with Internet connectivity or that has a modem. Low-cost card swipes, Pin-pads, signature capture devices, and receipt printers are supported. An Enterprise Edition is available to perform recurring billing.

Director of Product Development for SLIM CD, Inc., Frank Haggard, stated, "The Global Payments certification allows retail, restaurant, hotel, auto rental, direct marketing, and e-commerce merchants to use the Slim CD on the Global Payments' platform. Transactions are processed within 2-5 seconds through SLIM CD's new support for Global Payments' SSL gateway. Software Developers using our Developer's Toolkits can now access Global Payments' services in a reliable and cost-effective fashion through the SLIM CD services."

"Global Payments is pleased to offer payment card processing solutions to customers of SLIM CD, Inc via our SSL Gateway," said Vice President of Product Integration, Tony Abruzzio. "We look forward to continued success working with SLIM CD and their resellers," he added.
