FOR IMMEDIATE RELEASE:

SLIMCD, INC Announces Free Credit Card App for iPhone

The Free SlimCD for iPhone App Supports Encrypted Card Swipe and Keyed Transactions

Coral Springs, FL October 20, 2011 – SLIM CD, Inc a software developer and service provider announces the availability of SlimCD for iPhone, its new application for Apple iPhones, iPods and iPads. The SlimCD for iPhone is available at no charge to existing SLIM CD customers and can be downloaded immediately from Apple mobile devices.

“This new product allows our customers to process card-present transactions using the Apple device and our optional encrypting card reader”, said Sami Slim, President and CEO of SLIM CD, Inc. He continued, “One of the most effective tools in our new app is the at-your-fingertips reporting for business owners. Our built-in sales reporting solution goes beyond card acceptance so that any business owner can use our device to monitor sales even when they are not in the store.”

Frank Haggar, Director of Product Development for SLIM CD, Inc. explained “Our SlimCD for iPhone product follows our initial mobile website with this native iPhone device application. Any SLIM CD customer can benefit from the ability to accept transactions and get reports anytime, anywhere using an iPhone, iPad, or iPod device with or without the card reader.”

The SLIM CD includes a desktop application, data on demand, built-in gateway services, fraud detection services, a shopping cart, a mobile website, and now the new SlimCD for iPhone application. The SLIM CD runs on any personal computer with internet connectivity. The SlimCD for iPhone runs on any Apple iPhone, iPad or iTouch device.
